

## r17.5.3 Changelog

+-----+  
| r17.5.3 Release - 75233 |  
+-----+

Release day - 10th February 2021

## Bug

- [DSOF-15856] - Notch layers will no longer render a single frame with their default parameters sometimes when being switched to and running at non-full frame-fractions.
- [DSOF-15891] - Console statements that should have stack traces will now all properly have them again.
