r25.1.2 Changelog

```
+--------------------------------+
|   r25.1.2 Release - 163502
+--------------------------------+
```

Release day 12th July 2023

Improvements

- DSOF-24681 - Improved performance of getContentViewpointsForFragment

Fixes

- DSOF-24399 - Fixed an Access Violation when updating visibility proxy levels with multi transport

- DSOF-24439 - Fixed an issue where the Text Module failed to update text on project restart

- DSOF-24672 - Fixed an issue that occurred when leaving a video layer with embedded audio in "at-endpoint" loop mode resulted in a hang

- DSOF-24678 - Tracking marker no longer has aliasing at the edge of meshes
