

r30.4.1 Changelog

+-----+
| r30.4.1 Release - 210246 |
+-----+

Release day: March 5th 2025

Fixes

- DSOF-29389 - 2.5D assets from modern versions of Cuebric no longer load with unexpected depths between plates.
- DSOF-29526 - EX range servers will no longer display NDI video feeds in the wrong order in the Video Input Patch editor.
